Product Features

Construction

Pole Top Finials shall be from high-strength ASTM 356.1 cast aluminum.

Installation

Small Pole Top Finials mount to a Ø3" by 3" tall pole top tenon. For Medium and Large Pole Top Finials, consult factory for mounting details.

Finish

To insure product durability, the post top finial shall be finished with a high performance coating consisting of high gloss Super Durable polyester powder coat paint to be applied utilizing a multistage process that includes phosphate pretreatment, electrostatic powder application, and convection curing. Paint shall be weather, corrosion, abrasion, and UV resistant in compliance with the American Architectural Manufacturers Association's specification AAMA 2604-05. Color to be specified.
